A photograph of me with the director of photography Peter James on the movie set of the Cheaper by The Dozen 2 movie in Burleigh Falls in July of 2005. The house in the background is a fake house (the Baker family's house) which was constructed solely for the purpose of filming the movie. The house was used as cafeteria and as storage for movie equipment and was promptly dismantled upon the completion of the filming in Burleigh Falls.

Basic info about Peter James could be found through the following links:

A still shot from one of the scenes filmed during the day I was present on the set. I watched the filming of exactly this scene in live action. In the above photograph of me with the fake house in the background one can see the movie crew setting up the equipment for filming exactly this scene.

The Baker family's house constructed.

A photograph of the Murtaugh family's house.

The Murtaugh family's house is a real one and it was located just across the movie set. The Hollywood crew rented the house for the purpose of filming the movie.
