**ACTIONS/STEPS TAKEN
TO CORRECT PERFORMANCE DEFICIENCIES:
(specify time frame to compete)
*To be completed by Accountable Supervisor***

- (1) Attitude Towards Learning - PC Jack can work towards meeting standards in this category by accepting ownership and responsibility for his mistakes. He has the desire to learn, he just needs to focus on correction not blame. This will continue to be addressed by the coach officer whenever it occurs and corrected immediately.
- (2) Federal Statutes - PC Jack will need to invest some of his time in studying the elements of criminal offences and his arrest authorities and procedures. At each call for service that provides the opportunity, these elements will be discussed to ensure that PC Jack is aware of the circumstances and what options are available. While enroute to calls, he and his coach are already developing a game plan of how to handle the call based on dispatch information alone.
- (3) Police Vehicle Operation - PC Jack will be completing remedial driver training with Sgt. Kent Taylor of GHQ.
- (4) Traffic Enforcement - Use directed patrol boards to assign PC Jack to specific enforcement areas for one hour each day. This will allow him to go to a known problem area where he will ensure that each shift he comes away with some positive enforcement. To be completed daily and documented through DAR. If unable to complete due to calls for service PC Jack can document this and report to his coach for the next evaluation period.
- (5) Oral - PC Jack will need to focus more closely on hearing exactly what things are being said by the people he is speaking with. This will flow directly from his increased knowledge of Federal and Provincial Statutes as he will learn what questions to ask to help complete his investigation. When time permits, he can plan ahead and tell his coach officer what things he will be asking at the calls and what he plans to do with the information. He needs to avoid memorizing steps and listening to the information given to him through his questions.
- (6) Radio Communications - PC Jack will be monitored closely to ensure that he advises the dispatcher of every stop that he makes and what he is doing. It will continue to be pointed out to him by his coach officer if he ever misses hearing the radio.
- (7) Decisive Insight - PC Jack needs to make his best efforts at using common sense. Role playing ahead of time prior to attending calls can assist in this somewhat, and he will continue to be steered away from attempting to memorize calls and locations.
- (8) Analytical Thinking - As mentioned in the Oral category, as he improves with his knowledge of Federal Statutes, it flows that his thinking will improve as well. He will continue to discuss his thoughts and ideas with his coach officer when possible and avoid asking for the answer from his coach officer.
- (9) Resolution - PC Jack will continue to be forced to make decisions at calls. When he often shys away from making the decision and asks for the answer, he will be made to think on his own and develop a plan. Again, when time permits, these plans will be reviewed before and after the calls to determine their effectiveness.
- (10) Personal Accountability - No specific action step other than observing that other tasks are completed. It flows that if attempts are made to correct the problems and the steps are completed than the accountability will meet requirements.

- (11) Flexibility - As the fall months are slower than the summer, PC Jack will have an opportunity again at a slower pace to show he can multitask. He will have discussions with his coach officer about calls for service each day and why he chooses to do one over the other. He will also be asked to start each day with a plan of what he wants to accomplish.
- (12) Respectful Relations - PC Jack has to commit to himself that he will not answer shop and not blame others for his mistakes. He needs to commit to accepting responsibility for his actions. Once this is done, he will gain the trust of those he has spurned in the past.
- (13) Self-Confidence - PC Jack will have to continue to just trust his own instincts. He needs to gain confidence in order for most of the other areas to show improvement. He is trying hard not to fail, and as a result is hesitant to make mistakes. This is a natural part of learning and he needs to accept that he will make errors, but they can be corrected with work.
